

N'MANUS FAILS TO STEM THE TIDE OF DISAPPROVAL

"I Want This Stopped," His Order When Told Sentiment Is Against Him.

IS NOW FACING DEFEAT.

Good Government Club Circular Denounces Him as Traitor to Masses.

State Senator Thomas J. McManus is merging all the available forces he can gather to save his scalp as Tammany leader of the Eleventh Assembly District. He is up against the hardest fight of his political "career," and it is predicted on the west side of Manhattan that he will be eligible for the Down and Out Club after the primary election on Sept. 24.

The avalanche of protests sent to Tammany Hall calling for the defeat of "The" McManus, owing to his treachery to the Coney Island Five-Cent-Fare bill, has created an overwhelming demand for his retirement among influential Democrats. Friends of Charles Murphy declare he favors the "work" W. Plunkitt or any one of five young men suggested to succeed McManus.

McManus sent for his close tenants and favored hemmenchmen, such as "Paddy" Blute, "Sam" Ash, and the deposed Superintendent of Parks, Joyce, a few nights ago, and spoke as follows:

"A sentiment against continuing me as leader, it appears, has crept over the district on account of the Coney Island Five-Cent-Fare bill, and I want it stopped. It has gone too far. The matter should be handled by the Public Utilities Commission. Tell that to the people, and I want you to let me know how they feel about it."

It didn't take long for the trustees to report to "The" McManus that "things looked bad."

Good Government Club Against Him

The Young Men's Good Government Club, of which William Lee, of No. 54 West Forty-seventh street, is president, will support any candidate who takes the field against McManus. The club is three hundred strong, and in its membership are lawyers, doctors, business men, mechanics and men of all walks of life. They have issued this circular:

Record of T. J. McManus, Champion Dodger of the State Senate, 1908!

Knifed the Coney Island Five-Cent-Fare bill.

Ducked out of State Capitol by rear elevator when vote on Mayoralty Recount bill was taken.

Voted against Bingham Police Reform bills.

Dodged recording himself on School Teachers' Equal Pay measure.

Brought by the Railroad Trust on removal of Eleventh avenue tracks of New York Central Railroad. Constituents petitioned him on bill, but were ignored.

Against Public Utilities bill.

Voted against all bills favoring him in his constituency.

Severs "The" Fake Charities.

Now Mr. W. R. Ackert, pastor of the Vermilion Chapel, No. 6 West Fifty-second street, though he prefers attention to his church duties, is in position to believe that the masses would benefit much by the defeat of McManus.

"To pass over the knifing of the Five-Cent-Fare bill, and the criticism of the bill, is impossible to one and all of the people at heart," said Mr. Ackert, "but McManus's fake charity may carry held in a free city park (Coney Island) which he charged over each of the tenement fifteen cent each is nauseous to say the least."

The McManus organization, or rather what there is left of it since the entire organization has been split up, is in temporary quiescence. The masses, is in temporary quiescence. The Lobster Club, a social organization, at Ninth avenue and Fifty-first street, turned over its rooms to the McManus organization, and the McManus organization, in turn, turned over its rooms to the McManus organization, as soon as enough shares at \$10 each are peddled through the west side. The new clubhouse will be turned over to the McManus organization, Down and Out Club, as it is called, on the west side, is now busy organizing for a strenuous campaign.

Prator Trio Condemned in Mass Meeting.

At Kealy's Hall, No. 204 East Eighty-sixth street, a meeting was held condemning the action of the traitor trio—McManus, Owens and McCall. The following resolution offered by J. Irving Hirsch, seconded by Benjamin Zacharias, was adopted:

Whereas several General Assembly members, in their respective Senatorial districts, voted in that committee on reporting the Coney Island Five-Cent-Fare bill, therefore be it resolved:

Resolved, That we especially condemn the action of the traitor trio—our own district, John T. McCall, for his action against his constituents, despite his promises and many protestations of friendship for the working-class.

"Peter John" McCall and "Jimmy the Man" Owens are having their own meetings in their respective Senatorial districts. While Peter John is in the lead in his attack in the interest of his stable, and Owens is on the job for the Consolidated Gas Company, with McManus getting ready to nail the last nail in the coffin of the Anti-Saloon League of the Twenty-second Assembly District express our strong condemnation of the acts of the Senators above mentioned for the treachery to the poor people of the city of New York by voting to back this bill in committee; and be it resolved,
